

NOBLE KCLASS ACADEMY

The Foundation of Your Academic Success

JUNIOR MEMBERSHIP PROGRAM

Powered by Master Klass

GRADE 5 TO 8

1. What is the junior membership program?

Noble Klass proudly presents this comprehensive academic program for **grades 5 through 8**. Young students need proper academic support and courses that help them build a concrete academic foundation. As a leading educational institution, Noble Klass has noticed the growing needs of more comprehensive programs where students can get essential education that not only supplements the learning from their schools but also enables them to set a stage for greater academic achievements.

Through this membership program, students can take courses that suit their needs and academic aspirations. During this challenging time, students have been deprived of all the valuable opportunities for adequate and proper education. **The membership program powered by Master Klass Academy** will be a perfect solution to your child's academic success!

2. How does the membership work?

For a monthly fee of \$299, your child can take up to four classes, which are designed to help students improve their verbal, critical thinking, reasoning, and arithmetic skills. In order to ensure that students can have the intended academic benefits, we require **a mandatory 3-month membership enrollment**. After three months, the membership can be extended month-to-month without contract. The membership is offered from September to June, and there is a summer semester, which is not part of our membership program.

3. If my child misses any class, will you issue credits or offer make-up classes?

We are not going to issue credits (nor refund) for missed classes; however, students can catch up the missed classes with class recordings. Students must notify us of any potential absence in advance, and recorded lectures will be provided upon request. Please contact us for the policy details.

4. How should I make monthly payments?

We will collect the credit card information when you register for the membership, and you will receive a text notification before your credit card is charged for the monthly membership fee.

5. Tuition Comparison: Member vs. Non-member

| | Member (4 weeks) | Non-member (4 weeks)* |
|------------|------------------|-----------------------|
| 1 Subject | \$299 | \$260 |
| 2 Subjects | | \$430 |
| 3 Subjects | | \$570 |
| 4 Subjects | | \$710 |

* Estimated tuition with discounts applied; Actual tuitions may vary.
