# 2021 SUMMER JUNIOR COURSES

## Summer Junior Membership

The Junior Membership program at Noble Klass Academy is much more than an after-school program. Parents and students have found our programs to be effective, engaging, and, most importantly, helpful. Due to COVID-19, students have been deprived of all valuable opportunities to get proper and adequate education from school. In light of this concerning climate in education, it is imperative that students spend their summer with a well-planned academic program. Noble Klass is confident that our courses presented through the junior membership program will be such a perfect academic solution to your child's success in the upcoming school year and beyond.

### How does the Junior Membership program work?

Students can choose courses of their choice among all the available courses. However, if your child can't take multiple classes, he/she can simply register for a single course. Your monthly tuition will be determined based on the number of sessions per week. Most classes are scheduled to meet once a week, while math courses are scheduled twice a week.

	Tuition
<b>3-Session Schedule</b>	<b>\$399 per month</b>
<b>4-Session Schedule</b>	<b>\$499 per month</b>
<b>Over 5-Session Schedule</b>	<b>\$599 per month</b>

**Ex. #1) 'Reading & Grammar (1-Session Course)' + 'Power-up Algebra 1 (2-Session Course)' = 3-Session Schedule**

**Ex. #2) 'Reading & Grammar (1-Session Course)' + 'Language & Essay (1-Session Course)**

**+ 'Art of Critical Thinking (1-session Course)' + 'Power-up Algebra 1 (2-Session Course)' = 5-Session Schedule**
